SLIDE-LOK®

Metal Storage Chest

- 18 Gauge Steel Construction
- Double Walled and Welded

The SLIDE-LOK Metal Storage Chest is the perfect accessory for your SLIDE-LOK garage. Featuring 10 drawers on smooth ball bearing slides with heavy duty swivel casters and double walled and welded 18 gauge steel construction. The SLIDE-LOK Metal Storage Chest is designed to handle just about anything.

Heavy Duty Drawer Slides

Each drawer is supported by heavy duty ball bearing drawer slides for smooth, reliable operation.

Secure Storage

Lock down the SLIDE-LOK Metal Storage Chest with the integrated lock for secure storage of all your tools and accessories.

Side Handle

Large side handle mounted on either side provides an easy grip while moving.

Four Swivel Casters

Includes four 360° swiveling casters, two lockable for safety, making it easy to move and maneuver—even while fully loaded. The zerk grease fittings provide easy maintenance for long, reliable operation.

Limited Lifetime Warranty*

The Perfect Garage Accessory

The SLIDE-LOK Metal Storage Chest brings it all together. Designed to integrate into your SLIDE-LOK garage storage system, the locking storage chest features 4 heavy duty swivel casters, large pull handle and 10 drawers. The overall width of 42" allows the chest to slide in under the 48" cabinets, making it the perfect accessory to your SLIDE-LOK garage.
